

Uchihashi Estec Co., Ltd. for Battery Electric Vehicle

Providing Key Components to Support Safe and Comfortable Society

Uchihashi Estec began manufacturing and marketing solder products in 1918. We are providing optimal safety solutions for our partners to use in meeting the ever-increasing need for product safety and quality.

Uchihashi - Feature

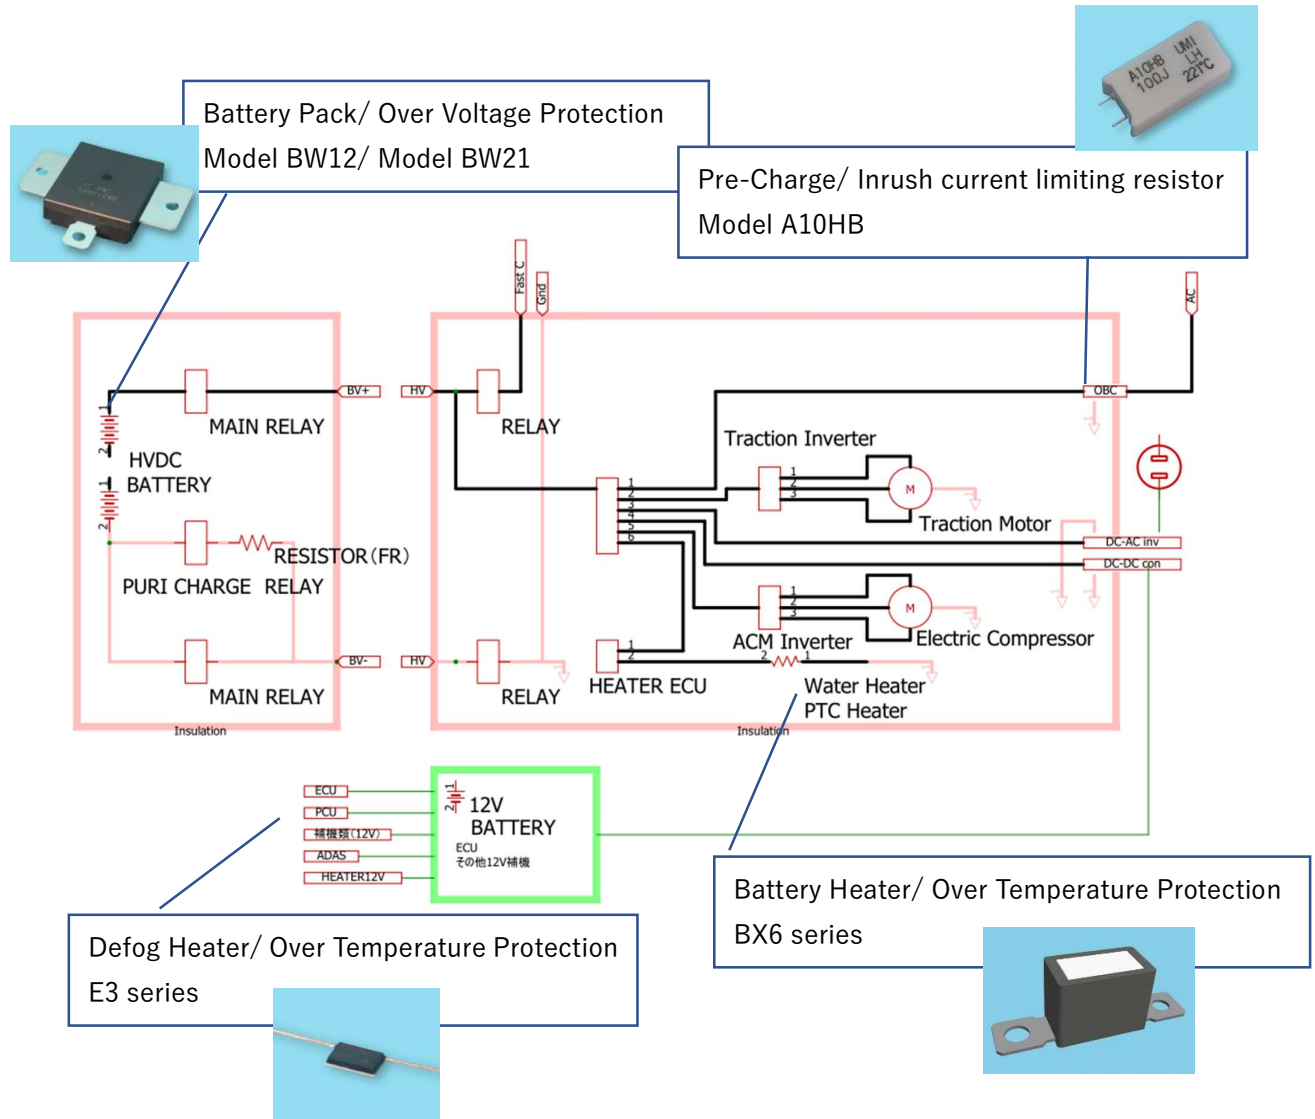

1. Fuse off the power path physically in need.
2. Large current and high voltage rating, no required parallel use of the fuse
